*WE, THE CLASS OF 1976,
RESPECTFULLY DEDICATE
OUR YEARBOOK TO OUR
PARENTS WHO HAVE GIVEN
US THE HAPPY PAST WE
HOLD IN OUR HEARTS . . .*

*AND THE BRIGHT FUTURE
WE HOLD IN OUR HANDS.*

*Days Pass Quickly Into Years.
One Day, Doll Houses and Tonka Trucks.
The Next, Shakespeare and Trigonometry.*

*With the Rustle of Caps and Gowns
the Future is Here.*

*Twelve Years of Learning
Has Only Taught Us
How Much We Do Not Know.*

*Growing,
We Have Discovered the World Around Us,
Discovered Ourselves.*

*Happy Moments Captured in a Smile,
the Clasp of a Hand . . .*

*Will Bring Us Joy in Years to Come.
Tears Are Soon Forgotten.*

*We Are All Unique, We Are All Alike.
Concrete Walls and Blackboards
Have Brought Us Together.*

*We Have Shared
All Kinds of Experiences,
Given of Ourselves.*

*They Tell Us We Are Young
and Have Our Whole Life Ahead.
Perhaps . . .*

*But It Feels As if Our Whole Life
Is Behind.
We Are Uncertain, We Are Anxious.*

*Tomorrow Is Here.
The Sun Is Shining
On This New Day.*

*We Can Walk Out Confidently
Not Hidden By Shadows
But Protected By Memories.*

*So As the Doors of Methuen High
Close Behind Us, We Can Look
Back and Smile, Thankful
for Where We Have Been,
Excited About Where We Now Can Go.*

CLASS HISTORY — 1976

Annette Soucy Dave Trovato

It was the fall of 1972, that dreadful year that brought a threat to the authority of the school system. Three hundred and eighty-two Freshmen maintained an image of being either very civilized, such as a Pat Chabot, or very uncivilized as 85% of the class was. It was the year that we fought to wear dungarees and good Ol'Nick showed his consideration by letting us wear them one day, - the last day!!! We were cautious Sophomores entering into the great Tenney High, cage and all. Don't worry Victor Majkut, you'll find that elevator you so patiently wait to take to the swimming pool on Tenny's roof. Hey, let's go to a dance, maybe a Sadie Hawkins or a Greaser and see who can leave first. We've always looked up to Seniors with respect and fear - well not really fear because our Powder Puff Team destroyed those Senior girls by a disrespectful score of 6-0. But still somehow their heads were too high from their one victory and lost as Seniors.

Imagine, we, the students finally performed as students while Juniors, but it really wasn't as much fun as doing nothing for two years. So we loosened up at our mock Las Vegas - the cafeteria and open studies of Tenney. Just for fun in the winter, we had an assortment of bomb scares and fire drills. If you didn't get pneumonia the first time out, you were given at least two more chances that day when we had more of these fun games. What really gave you pneumonia, though, was having to go back and listen to Mr. Dolloff try to tell us we didn't go out into the blizzards in record time.

We voted for a student council to bring us benefits to enjoy, but FIRST GEAR??? They couldn't get out of it! The new Student Senate DID work this year though to bring some amusement thanks Tricia Harrison, Shelley Bonefant, and Tom Kelly. Class officers this year were Annette, Tom, Laurie and Lou.

Steve Caraccio, Judy Hanson, Jaymee McGravey and others were responsible for keeping Mr. Nick in shape. We'll still never know why he chased them around Tenney.

Speaking about being in shape, our soccer team was showing that it could play soccer just as well as the year before when the team qualified for the State Tournament. This year they qualified again with a record of 8-4-4. They were Bill Beeley, Glenn Cannavo, Kevin Fillion, George Feole, Bill Hadley, Tom Lawton, Dave Moore, Paul Parisi, Bill Raitt, Jeff Stott, Steve Scammons, Art Soucey, Dave Trovato, Bill York, Steve Winn and Tony Castiglione.

Our girl's softball team has been winning ever since coming to Tenney, only missing the championship once and only by one game. Senior stars were Beth Bender, Gail Carter, Carol MacLeod, Linda Gueli and Arlene Marsan. This year they are champs. There were very few teams at Tenney that had losing seasons, but whether losing or winning, we were still always proud to cheer them on and call them our own:

1975 - Seniors at last! It took the school a little time to prepare for us. It took until September 22 to be official Seniors, but we thought we were Senior years ago. However, the shock of entering the new school made us think that Karen Oliveri had shrunk to the size of an ant, and the SPACIOUS atmosphere began to affect some of us like Alice Chontoian, Bernie Dyson and many others.

The new school was equipped with Activity Areas which the students quickly became accustomed to by doing such activities as sitting and sleeping, especially SLEEPING. People like Dave DiZazzo, Frank DiNoto, Rose Coco, Shelley Smith, Sue Farley, and Lind' Corey were better in the Media Center during 5th and 6th periods.

For the Universal wasn't set up or it may have affected Glenn Gallant, Dave Hewson, Rick Angus, Paul Russell, Dave Francis, Bruce Bilapka, Mike Halaby, Steve DeFusco, Bruce Richards and Rick Zacharias. - Although they gave us but one victory, it was well worth the wait. Dracut never knew what hit them, but Rick Angus did. And so the 22-0 slaughter made all the good performances of the season seem like one big victory.

The band was always a help at getting the crowds into the game. Our band is amazing and probably the most remarkable marching band in the area, as you've seen at the spectacular half-time shows. Also, on October 19, the band featured their first annual band show, which was a brilliant and fascinating performance.

The Seniors who contributed their time and effort were the sexy sax player Wendy, the fruity flute player Linda, the pint-sized piccolo player Annette, the devastating drummer Jim, the towering tuba player Ken, the shrieking clarinet players Bar-

bara and Helen, and finally the horny horn players Bart and Scott. The band deserves all the credit although Mr. Isadore should get some so he doesn't feel left out.

The Ice Rink was cold, and still is. However, the Hockey Team kept warm by winning. They gave us a great season for a young team and were always in close competition with a record of 5-11-2. Senior players were Rick Angus, Bob Daigle, Ron DiCenso, Dave Frasca, Dave Hewson, Bruce Richards, Art Soucey, Mike Weinhold and Rick Zacharias.

Girls' Gymnastics leaped to a beaming season that was unparalleled to any other year with a record of 10-0. Senior gymnasts were Nancy Faunt, Annette Soucy, Lee and Lyn Greenwood and Sue O'Brien.

The Girls' Field Hockey Team reached their goal and scored an impressive season of 6-5-3. They are sure to hurt next year without Judy Zdanowicz, Debbie Martin, Gail Carter, Diane DeFeo, Pat Duquette, Lee and Lyn Greenwood, Linda Gueli, Donna Lafrenier, Jane Landry, Kathy Menihane and Gina O'Clare.

Then there was Volleyball. The team bounced into the quarter-finals of the state tourney and served up a record of 6-4. Senior stars were Beth Bender, Carol MacLeod and Terry Korzeb.

Travelling on, we get to the girls' Basketball team which was led by seniors Gail Carter, Carol MacLeod, Beth Bender, Donna Lafrenier, Diane DeFeo and Judy Zdanowicz. The team dribbled to a high scoring season of 11-5.

Speaking of high, the field had some excellent parties.

Cross-country ran up a record of 9-4 to the surprise of Joan Landry and Rocky Teer.

The boys' Basketball team made up of Seniors Tom Powers, Ken Lumb, Jeff Ness, Mike Kostyla, and Bill York gave us 100%, but were victims of inexperience.

The wrestling team had a fair season with Senior stars such as John Pittera, Bill Hadley, Steve Winn and George Feole leading the way.

Kevin Fillion, Tom Lawton, Bill Raitt, Glenn Cannavo, Dave Moore, and Ron Nicolosi were seniors on the Boys' Gymnastic team that vaulted to a winning season of 6-4.

Because of all the Bicentennial spirit, we got to see many important people like Arthue Fiedler and the Boston Pops, starring David Isadore, Lord Methuen and also Glenn Gallant and Mike Weinhold who had many parties in celebration of the Bicentennial - and anything else that needed celebrating.

The Senior Class Play, "The Devil Made Me Do It," was - "Nifty." The most coveted award for best actor and actress went to - "The envelope please" - George Kalil and Mary Lou Arsenault. Of course there were worthwhile performances by the rest of the cast.

The Drama Club sponsored a Talent Show which had its highlights starring George Kalil, Linda Rimas, Tom Simon, Annette Soucy, Pat Chabot, Karen Romanelli, Victor Majkut, Linda Booth and George Benson. Ice Hockey didn't seem to be our girls' game as shown by the North House vs. South House Hockey game. The Ice Follies, however, did show the girls' skills and grace that can be performed on ice.

Speaking of follies, that's the word they should have used to describe the Christmas Holly Ball. This is no reason why our Yearbook staff or Leslie Kerman, Bonnie Fitzgerald, Dave Plantamura, Beth Bender, Jane Landry, Debbie Barbin, Arlene Marsan, Karen Scarelli, Jody St. Germain, Karen Oliveri, Sue Cummings and Shari Conran can be blamed for trying, even though it was a pretty flaky scene inside and out. Maybe a little mistletoe could have livened the place up. I think all the Christmas SPIRIT was left in the cars underneath the seats.

Our golf team is having a fantastic season going 10-4. Leading us into the holes were Senior stars Tom Gilbert and Mitch Halaby. Even though Mitch acts pretty civilized in school I saw him get really teed off out there on the green.

Green, isn't that the color of our brand new Tennis Courts? Yes, and both our girls and boys teams seemed to specialize in "love" as they showed us that tennis was their "racket" while serving up scores of 7-3 and 4-9 respectively.

Spring was also the season for coed track as our boys' spring track team had an excellent record of 10-2. Senior stars were Glenn Gallant, Jeff Ness, Tom Lawton, Bob Daigle and Mike Kostyla. The girls didn't do that badly either.

The separation of the Senior class into the North and South houses was soon overcome by the constant parties at the field. If nothing else, we'll always remember the field. Its memories will HANGOVER us for beers, - years to come!

She married my husband's twin you know and now she has five children romping through her house.**She really must keep busy! I'm sure many more of our classmates have done well through the years and even though we've not seen them I'm sure everyone thinks back to their high school years quite often and remembers the friends they had.**I sure miss some of those days. Things just aren't the same any more.**Boy, a lot has come to pass since we've graduated. I just hope all are happy in what they're doing. I know I am.**Well - here comes the bus!**See you later - Good Luck!***

SALUTATORY ADDRESS

MATERIALISM: A LOOK AT THE PAST, A STEP INTO THE FUTURE by Stephen Desrosiers

Parents, honored guests, members of the administration and faculty, and fellow students - on behalf of the class of 1976, the first graduating class of Methuen High School, I cordially welcome you to these graduation exercises.

During the past few decades, our society has been going through a significant change. More than ever industrialization and computerization are making themselves known. One only has to take a look around modern Methuen to realize that cultural advancement is an important and growing reality. The recently constructed Methuen Mall and the new Methuen High School are perhaps the greatest local examples of economical and educational growth.

Since society has become endowed with numerous developments and intricate complexities, social life has broadened. As the pace of social life quickens, the moral values of the individual usually degenerate and are replaced with a desire for material objects. A lust for money, a desire of personal esteem, and an avarice for expensive property, are the usual results. If one is not cautious in his outlook toward society, materialism will get the better of him, and he will lose the struggle to maintain spiritual, emotional, and moral principles. Decreasing moral values are one of the major problems in today's society, and this problem lies in the hands of today's graduates, who must arrive victorious in their struggle with materialism and thus aid in preserving the wholesome righteousness of American Society.

More than ever, there is a need for knowledge and leadership. As our society grows and becomes more modernized, more educated and intellectually endowed, individuals are needed to bring together our cultures more divergent aspects, and to steer them on a constant course of development. With the increase of materialism, it is important that everyone contribute to society's general welfare. The future represents this graduating class' major challenge, for the future bears more materialistic complexity with which we will inevitably have to deal.

As the graduating class of 1976 advances into a society of materialistic values, it will be faced with the struggle of dealing with life's intricacy. Hopefully, the graduates will be persistent and courageous in their battle against life's vices, and strive to improve the overall atmosphere of society. The time has come to place behind us the happy memories of high school, and take one giant step forward into a materialistic world.

HONOR ESSAY

WE'VE YET TO BEGIN by Kim Daigle

We, the graduates of the class of 1976, have completed 12 years of study. And in turn, each of us will receive a diploma as a measure of his success. However, as we reflect upon our experiences throughout our school years, the meaning of graduation may somehow be misinterpreted. By no means is it the end of education, but rather it signals a new beginning.

Perhaps another word which would more aptly describe this ceremony is "Commencement." The word commencement means "Beginning and never ceasing." Graduation is simply the first major goal we have reached in our lives. I am quite certain it does not end here. All of us have stronger goals we wish to see fulfilled. However, in order to attain any measure of success, we must remember that the important qualities we need are courage and determination. We must pursue our individual dreams, "to win a prize that no one's ever won."

But it takes more than ourselves. We must have drive to work with others. We must realize that by directing our lives toward this prize, we are actually directing others in their goals. We must act not only in regard to our own future, but also with concern for our fellow man.

Graduation is the beginning of opportunity. We mustn't let our lives be influenced by false impressions. We have minds of our own and must follow our own instincts; but first we must consider the thoughts of others.

We've worked 12 years towards receiving our diplomas tonight, but our task does not stop here. It's only the end of the beginning.

We've yet to begin experiencing what lies ahead. For yesterday is behind us, and tomorrow, today will be but an image in our minds.

VALEDICTORY ADDRESS

FLEXIBILITY IS THE KEY by Leslie Jane Kerman

In a few minutes, we, the Class of 1975, will be receiving our diplomas, signifying our graduation from Methuen High School. Yet, what does this white piece of paper with fancy writing really mean? Is it the key that unlocks the island of Paradise, the constitution which opens the safe of success; the faucet that pours out happiness and status?

Through hard work and diligent effort, we could make it open any one of these doors; our diploma is merely the visible proof of twelve years of education. It represents the culmination of long hours of study, homework assignments, tedious textbooks, and final exams. It is the result of the memorization of dry facts and the application of intricate formulas. It is the document which enables us to receive a place among the "educated".

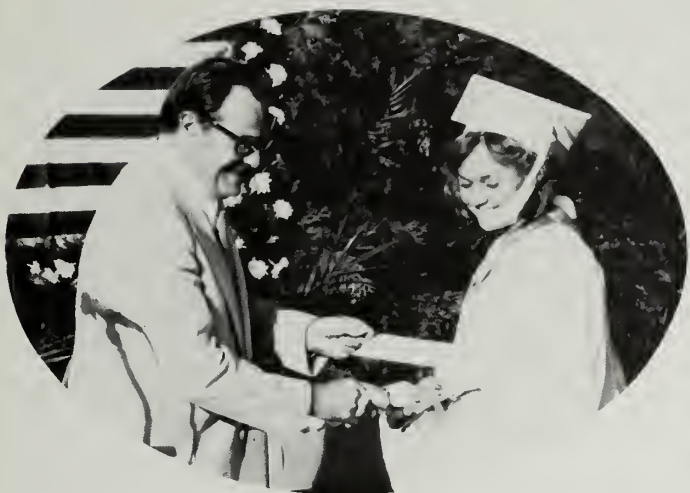

Our education, unlike our diploma, is something that we cannot just hold in the palms of our hands. To have value, education must become a driving force of our lives. That is not to say that we should wake up every morning, pore over the encyclopedia, swallow the dictionary in large gulps, and then retire with THE COMPLETE WORKS OF PLATO AND ARISTOTLE. Instead, our thirst for education should make us strive to be aware, enlightened, wise, and most of all - flexible.

To me, flexibility is the golden key which turns the lock of meaningful achievement. The responsive person who can twist and bend to meet the challenges before him is the individual who will contribute greatly to the world around him.

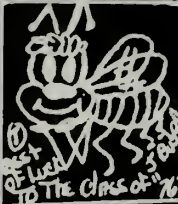

After living in an educational environment for twelve years, many of us have the mistaken impression that books can teach us everything we need to know. Well, that is not true. Flexibility, unlike mathematics, does not consist of set methods and definite solutions. It is not like a computer which is fed information and comes back with a patterned response. A flexible individual listens, understands, contemplates, and then adapts. When presented with a dilemma, he does not snap off a routine answer with little thought of the consequences. The flexible person takes in the entire situation and puts in that extra amount of understanding and effort which makes his response plausible and meaningful to all concerned.

Entering modern society as young men and women, we will constantly be dealing with people - individuals of various backgrounds, educations, religions, and personalities. Basically, the course of our lives will be determined by the ways in which we relate to these people. If we are cold to their needs, they will be unfeeling toward us. Yet, if we bend for others, certainly the spirit of cooperation and compromise will be continued. If we are not flexible and adaptable, it really does not matter if we can recite Shakespeare or do calculus. No-one will be around us who cares about such achievements.

In conclusion, I would like to wish my fellow classmates happiness and success in their future endeavors. As we leave Methuen High School today, may we all cherish the memories of the last twelve years, and look to the future as flexible, responsive individuals whose minds have been illuminated by the light of knowledge and stand ready to burn brightly in the world ahead.

Climb every mountain.

Ford every stream.

*Follow every rainbow —
Til you find your dream!*

I wish to express my deepest gratitude to those very special individuals who contributed so greatly of their time and effort to turn this book into a reality.

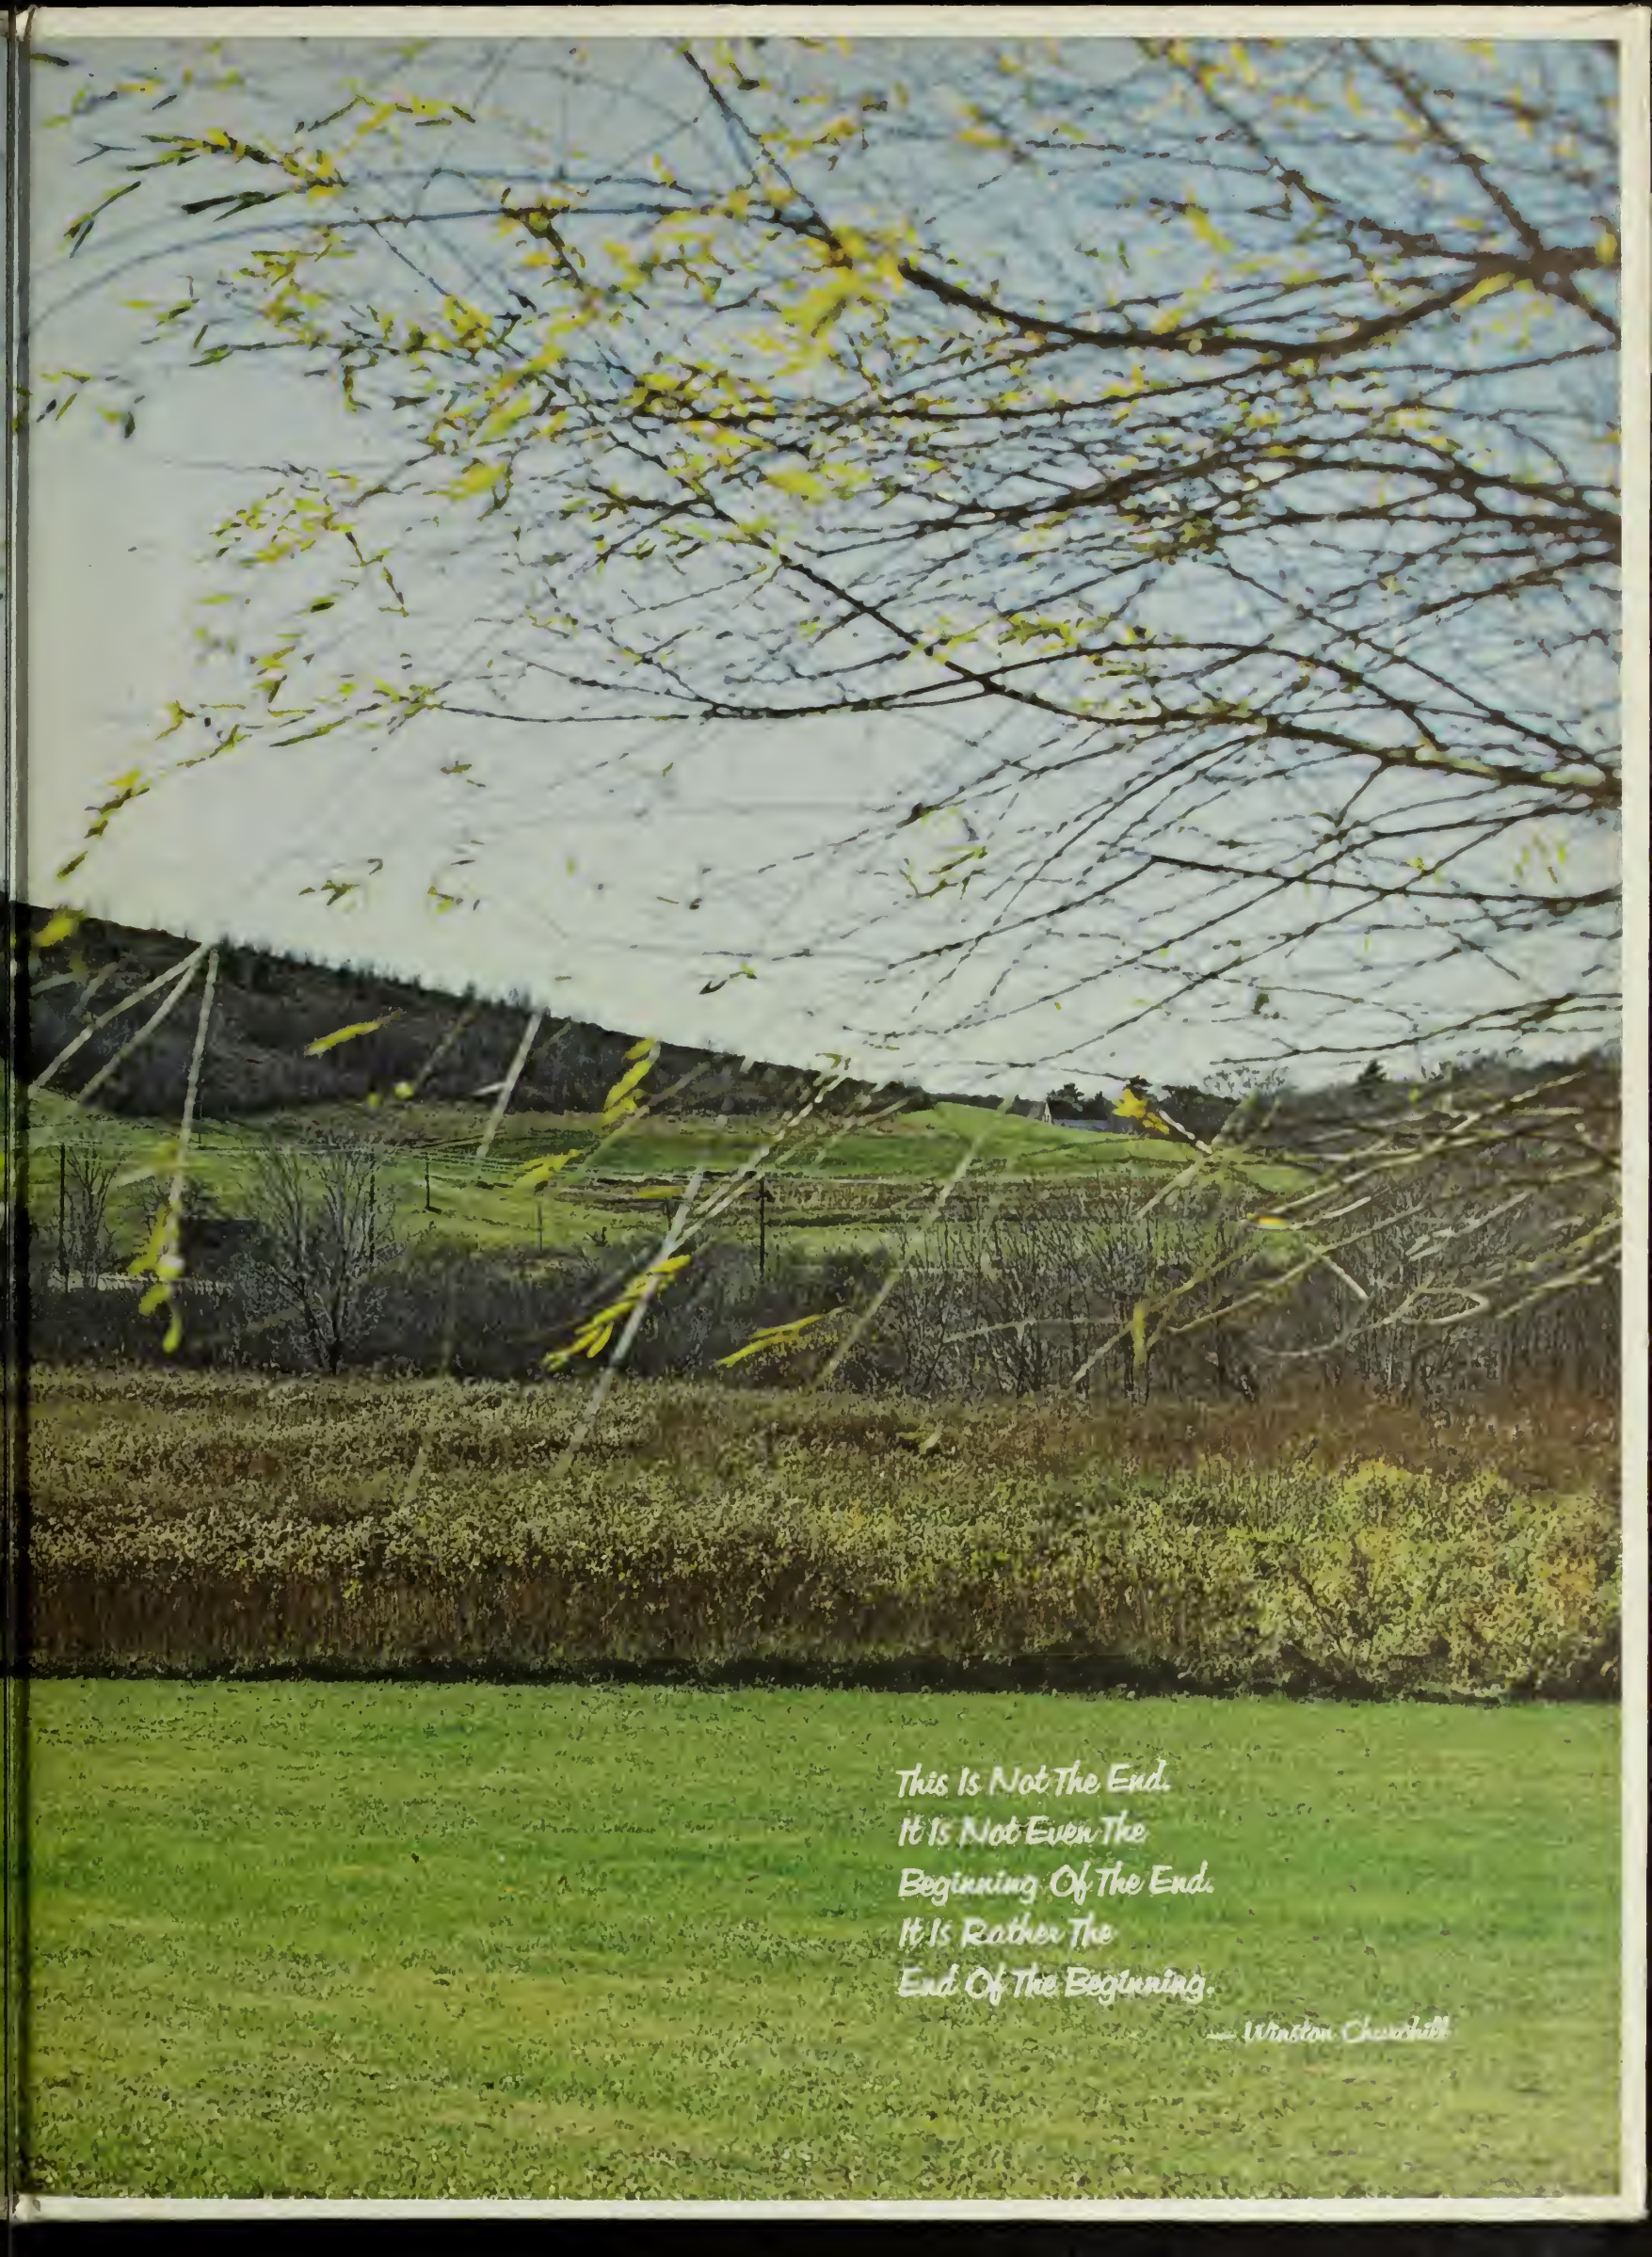

Due to their hard work, I know the pages of this yearbook will bring back cherished memories and happy thoughts to the class of 1976 for years to come. Best wishes for happiness and success to all.

It Is Not Even The
Beginning Of The End.
It Is Rather The
End Of The Beginning.*
